

Shoot

Shoot (www.shootgardening.co.uk) is an award winning gardening website with over 12,000+ plants listed.

Most of our plants enjoy #1 Google rankings and are the first place many gardeners go for quality plant information.

Q. What sort of listing do we get?

In each plant page on Shoot we will show a list of companies selling this plant. All listings will include the basic information of Business Name, Address, Postcode, and Telephone Number and Location Map (see sample to the right).

Q. What does it cost?

A basic plant listing in Shoot is free and available to view by paid, and logged in members of Shoot.

Q. How do I add my business listing to the plants in Shoot?

1) Join Shoot as a business member

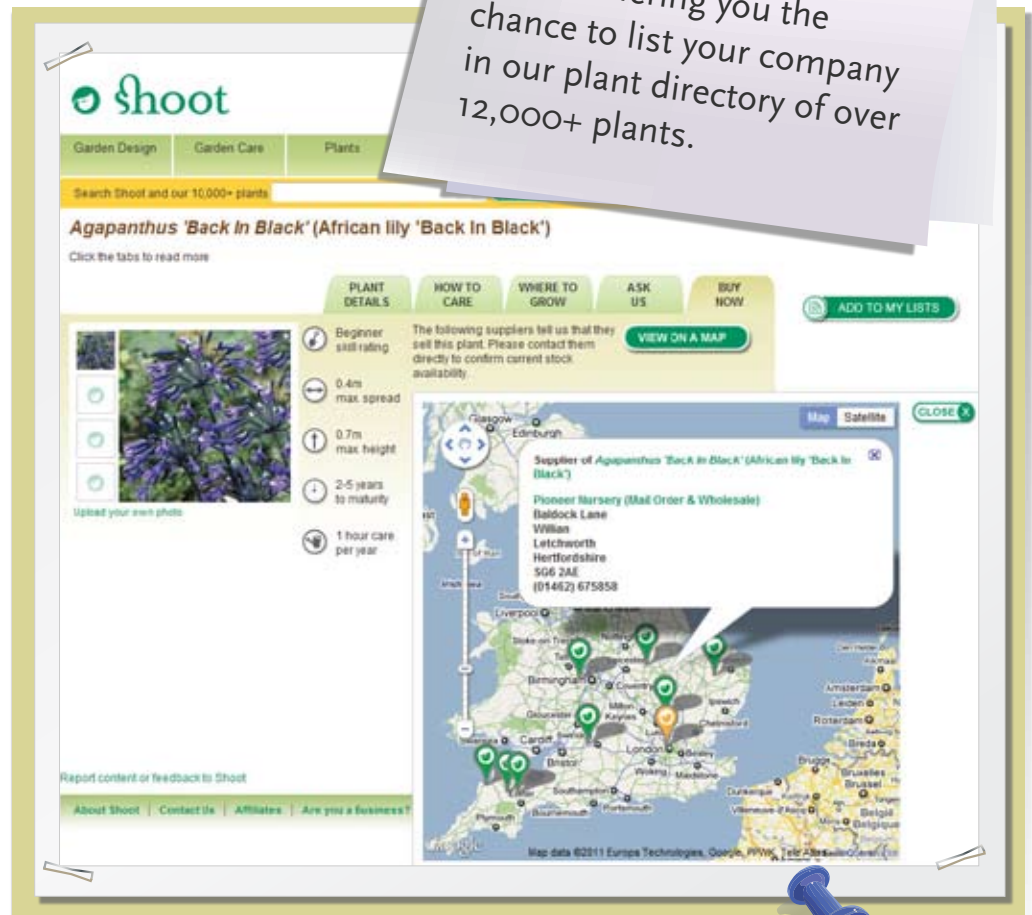

You can join Shoot for a free limited or fully paid business listing. Click the orange Register button and tick the "I'm a gardening professional / business" box. You will need a business membership in order to activate your listings in our plant directory.

2) Fill in, save and email us the attached spreadsheet

Insert the letter 'Y' beside each plant you sell. Save the spreadsheet using your business name as registered in Shoot, followed by 'plants list' and the date e.g. PerryhillNuseriesPlantListo411. Email to shoot@shootgardening.co.uk and entitle your email [Business Name] Plants List [Date].

Q. How can I later change my plants list?

At the moment this will be done manually by the Shoot team. Please write to us at shoot@shootgardening.co.uk and entitle your email 'New Plants List'.

Add your plant
availability to Shoot today
